

Manchester Artists Association Art Gallery Application

Step 1: APPLY TO BECOME A MEMBER OF THE GALLERY.

You must be a member in good standing of the Manchester Artists Association

Fill out the application below and submit 4 slides or 4 pictures (4X6 -8X10 size) of your artwork (those that you feel are representational of the quality of your work.) Include your name, medium and finished, framed size of the piece on the back of each picture or on the **front** of each slide. Please include an Artist's Statement or a Bio, if you have one. You will be notified of your acceptance into the Gallery.

Step 2: MEMBER TO BE EXHIBITOR IN SHOW.

A registration form will be available before the "next" show. It must be filled out and submitted with the gallery fee.

On the day of the hanging of the show, you submit 5-6 pieces of artwork (actual pieces – not photos this time) at the gallery, up to 5 of which will likely be chosen to hang in the gallery. **Please note that if your work is exceptionally large, you may have less pieces for display. This will depend entirely on available wall space.** Also, we reserve the right at this stage to eliminate artwork that does not meet the jurors' level of excellence, including framing (the gallery cannot exhibit any nudity). You will be notified of the exact art drop-off date and place at which time the jurying of the pieces will take place. Once all submissions are juried, you will be notified which pieces were accepted and in which quarter you will be showing. You may submit unframed originals (which will be placed in a bin), prints, and notecards.

Gallery members will be required to pay a \$100 per show (2 month period) and sit the gallery. The number of shifts is dependent on the number of exhibiting artists – up to 7 shifts per show. The exhibiting artists are also responsible for participating in and attending all special events that are scheduled during their show period.

No Commission will be taken from sales. This is not a contract and is subject to change.
